

ELIZABETH GAGE®

TIMELESS AND UNIQUE

Ring Sizing Guide

Before measuring your ring size, please make sure that this guide is printed in A4 (21.7x29.7cm) and scaled to 100%.

To verify the accuracy of your print, position a credit card on the line below.

OPTION 1

Measure with the Elizabeth Gage Ring Ruler

Carefully cut out the ruler and cut a line at the slit.
Wrap it around your finger and pull the tapered end through the slit. Insert your finger into the loop and tighten it to a comfortable fit by pulling on the pointed end.

Tips

To select a comfortable fit, we recommend choosing a size that slides on and off your finger easily. Be mindful of the fact that finger sizes fluctuate depending on factors like temperature changes and time of day.

Should you need any assistance, our sales consultants will be happy to advise you via telephone on +44 (0)20 7823 0100 or email sales@elizabeth-gage.com.

OPTION 2

Measure by Matching an Existing Ring

Place your ring on the circles below to find your size.
We recommend that you use an existing ring that fits you well.
To find the right size, the outer edge of the circle should align with the inside of your ring. If your ideal fit is between two sizes, we recommend selecting the larger size.

Should you need any assistance, our sales consultants will be happy to advise you via telephone on +44 (0)20 7823 0100 or email sales@elizabeth-gage.com.

Ring Size Guide

Visiting our showroom is the most accurate way to determine your ring size, but if you wish to find your fit from the comfort of your home, we're here to assist you.
